

Matravers

Candidate Information

Dear Potential Candidate

Thank you for expressing your interest in a vacancy at Matravers School, which I am honoured and proud to lead.

I joined Matravers School in September 2013. Our aims and ambitions for Matravers are very simple: to transform Matravers a World Class education provider.

Matravers offers an incredibly lively and positive ethos alongside an outstanding range of opportunities that all students benefit from. Our cutting-edge learning environment, where everyone works together to achieve their full potential in their academic and personal development, is superb. Students at Matravers enjoy the ability to think creatively, critically and innovatively and possess a strong sense of responsibility, loyalty and moral purpose for the school and the wider community.

We believe that teaching needs to inspire learners and engage them through its vibrancy and energy. The passion with which teachers deliver their lessons at Matravers draws students into a culture of success and achievement. It is this culture that empowers every individual to recognise how they can improve and be supported to deliver higher standards. We believe that we can all improve what we are doing and we operate an open, honest and structured environment that enables this to happen.

Through our strong, close partnerships between students, their families and school staff we ensure that every Matravers student has the opportunity to let their light shine in whatever arena they excel; we provide the right conditions to ensure that this happens.

Our approaches are based on very traditional principles. Our calm and purposeful environment enables children to focus on their learning and succeed.

If you are looking to work in a supportive environment that challenges you to be the best you can be and if you feel that you are able to significantly contribute to this incredibly successful journey then I look forward to meeting you and welcoming you into our exceptional learning environment.

Dr Simon Riding
Headteacher

Matravers School is an excellent 11–18 National Teaching School Strategic Partner situated in the Wiltshire town of Westbury. We are a 1350 student school and have a full staffing complement of 85 teachers. The Senior Management Team consists of: Headteacher; 2 Deputy Headteachers; and 3 Assistant Headteachers. All teachers are qualified to at least degree standard. The teaching staff work extremely hard for the school and have an outstanding reputation for their care of our students, their commitment to improving learning and for the mutual support and help they give each other. They form a strong team and are supported in the classroom by a large team of superb support staff.

Matravers is committed to safeguarding all the young people in our care. All members of staff and volunteers undergo enhanced Criminal Records Bureau checks every three years.

Our Vision

Our Vision is for Matravers School to be a world-class centre for teaching and learning at the heart of our region, the secondary school of choice for young people.

Achieving this involves ensuring that every Matravers student exceeds expectations in all aspects of their education. We will enable our students to gain the highest possible qualifications and equip them with the skills and values that they need to achieve their ambitions on leaving school.

We will provide the outstanding teaching, learning and leadership needed to fulfil this goal.

Our students will demonstrate outstanding attitudes towards learning supported through a wide-range of opportunities to represent themselves and their school with pride. We will provide the exceptional care and support required to promote the safety and wellbeing of our school community.

Our extensive range of curriculum opportunity ensures that every student is well-equipped to progress successfully in life.

Our bespoke collaborations with other organisations will positively influence both our own learning community and the wider education system.

Our Values

Our values are embedded in all that we do at Matravers School. We believe they reflect our approach to ensuring that our students receive the most fulfilling and rewarding education possible.

Resilience We equip our students with high quality core skills and the aptitudes to use them in order that they become independent enquirers, team workers, effective participants, self-managers, reflective learners and creative thinkers. Our inspiring teaching and learning empowers our students to meet any challenge with confidence and succeed in life.

Creativity We embed confidence and self-belief within our students by inspiring a passion for

learning which extends to every member of the community. Students strive for excellence; teachers, support staff and the wider community continually enhance a flexible repertoire of skills in order to enable students to exceed expectations.

Ambition We enable our students to realise that anything is possible. There are no ceilings or limits to our aspirations. We embrace an atmosphere of success across the whole school, which is publicly recognised and celebrated.

Happiness We recognise that every student is an individual. We care greatly for each pupil, providing them with the support and guidance they need to be fulfilled and happy.

Success We empower our students to raise their aspirations towards excellence. We ensure this happens by setting challenging targets and rigorously monitoring progress towards them. Through our home/school partnership we engage parents in the learning success of their children.

Dynamism We ensure that our students grow and develop into rounded, grounded and reflective individuals with a strong sense of moral purpose. By doing so we prepare our students for life in modern Britain and encourage them to contribute positively to the world in which we live.

The Facilities

Matravers is pleasantly situated in the centre of Westbury. The school buildings are a combination of traditional brick alongside a number of recent additional blocks which include:

- a specialised Photography, Art and Design block
- a Dance and Music centre
- a Sports Hall
- recently refurbished Food Court area
- a Drama block
- a state-of-the-art dedicated Post-16 centre
- ICT-rich environment (PC and AppleMac suites) along with extensive online resources
- outdoor conservation areas and performance spaces, including Amphitheatre
- a new floodlit astro-turf and fitness suite

We are a “Priority School Building Programme 2” School and we are currently having a £7 million 28 classroom block built on site, opening in October 2019.

Curriculum

All students at Matravers follow a broad and balanced curriculum specifically designed to maximise the progress that every student makes. Matravers operates a fortnightly timetable of 50 one-hour lessons which gives a weekly teaching time of 25 hours for the compulsory curriculum.

During Key Stage 3 (Years 7 to 9) all students study English, Mathematics, Science, Technology, Information Communication Technology (ICT), Humanities (History, Geography and RE), Modern Foreign Languages (French and Spanish), Physical Education, the Expressive and Performing Arts (Art, Dance, Drama & Music) and Personal Social Health and Economic (PSHE) Education & Citizenship. Setting occurs in a number of

subjects to support individual student progression.

During Key Stage 4 (Years 10 and 11) every student follows a common core of English, Mathematics and Science. Students also study Physical Education and Personal, Social, Health and Economic (PSHE) Education & Citizenship. In addition to these core subjects, students have the opportunity to choose from different pathways. These Pathways are regularly reviewed and we work with students and parents to provide the best advice and guidance in relation to this.

At Key Stage 5 we offer a full range of subjects that incorporate both academic and vocational study. There are many opportunities for additional study beyond the curriculum.

School Day

8.30	—	8.50	—	Tutor Time/Assembly
8.50	—	9.50	—	Period 1
9.50	—	10.50	—	Period 2
10.50	—	11.10	—	Break
11.10	—	12.10	—	Period 3
12.10	—	13.10	—	Period 4
13.10	—	13.50	—	Lunch
13.50	—	14.00	—	Tutor Time
14.00	—	15.00	—	Period 5
15.00	—	16.00	—	Prep

Additional Support

Students with special educational needs are able to access a range of support provision throughout their time at Matravers. This support is based on individual needs and our Learning Support Team ensures that students are well cared for. Our outcomes for children with Special Educational Needs are excellent.

In addition to this we offer many ‘drop-in’ sessions and specific advice and guidance for students.

Enrichment

Prep activities are at the heart of what we do as Matravers strongly believes in extending and enriching all students’ experience beyond the formal curriculum. Activities after school, at weekends and in the holidays provide new experiences and the chance to build on existing skills or interests.

Highlights include:

- participation in the Ten Tors event
 - the Duke of Edinburgh Award
 - Sports Leaders Award
 - Dance Leaders Award
 - Arts Award
 - Gifted and Talented weekends
 - Music and Art weekends
 - Equestrian Team
-

Alongside this, we offer a vast range of educational visits and trips locally, nationally and internationally including: France, Ski Trip and The Gambia visit.

From September 2015, we have been operating our own Combined Cadet Force. We were one of the 100 schools selected for this expansion programme. This offers exceptional opportunities for students.

We do expect all students to engage in enrichment activities and take advantage of the excellent opportunities that we offer.

Arts

The Arts provides a wide range of exciting activities. A major art show each year showcases A-Level and GCSE students' work, along with our annual "Design Exhibition". The art studios are open after school, and there are life drawing classes for Year 11, 12 and 13 students. The Big Draw encourages drawing activities, museum and gallery visits are arranged and students work with professional artists and the Royal Academy.

There are numerous opportunities for students to take part in music, including choirs, instrumental ensembles and other groups.

Our amazing Dance companies, 'KICKstart', 'makeSHIFT', 'Musicality' and "Endurance" perform at various venues and work with professional companies.

Students enjoy many visits to professional performances and Year 7 students go to the pantomime each year. Large numbers of students take part in our major productions which recently have included 'Oliver', 'Beauty & The Beast' and 'We will Rock You'. Concerts are arranged as well as smaller productions, such as A-Level Drama performances, Music Recitals and Dance in Action shows.

Sport

The Physical Education Department organises school teams and clubs for all ages in all of the main sports. Practices occur regularly. Inter-tutor competitions run throughout the year.

In addition to this we also provide for a range of specialised sports, depending on the aptitudes of students. We have many students who represent their sports locally, regionally, nationally and internationally.

Homework

The responsibility for homework is shared between the home and school. This link is emphasised by the student planner which is issued to all students. It contains a diary as well as other useful information to help students to plan their work and enable parents to monitor it. The time students spend on their homework will increase as they move through the school, typically from about thirty minutes a night in Year 7 to about two hours in Year 11. An after-school study club is available to support students three nights a week.

Sixth Form students are expected to complete four hours independent study per subject per week either at home or in study periods.

Recognising Achievement

Matravers firmly believes in the importance of celebrating success and recognising when students have performed well. Our reward scheme recognises and promotes:

- Positive attitudes to learning;
- Outstanding achievement and learning behaviour;
- Students' teamwork and independent learning;
- Praise and rewards have emphasis to encourage students to participate, perform and progress.

Celebration Assemblies run termly in order to recognise successful achievement alongside individual rewards and whole school reward events.

Monitoring Progress

Students are set targets throughout their time at Matravers relating to academic progress and other key indicators of effectiveness. Targets are reviewed regularly with an expectation that students meet at least their minimum targets.

There are a number of opportunities for parents/carers to meet and discuss progress each year, including our 'Pupil Progress Days', which occur three times per year. Outside of these formal meetings, Tutors, Progress Leaders and Heads of Departments are always available to discuss any concerns.

Promoting a Positive Learning Environment

Students are encouraged to demonstrate behaviours and attitudes towards learning that ensure Matravers is a productive and positive learning community. We do not negotiate on this.

Matravers believes that the Tutor is the key to the successful encouragement and monitoring of each student's academic and personal development within the school. We do encourage parents to contact tutors if concerns arise. Tutor groups consist of approximately 25 students. Normally they and their tutor stay together for five years providing a supportive and caring group. Progress Leaders co-ordinate the work of the tutors.

The Matravers 'personal tutoring' scheme ensures that students' academic and social progress is monitored through regular one-to-one meetings with the tutor. Pupil Progress Days further support this through the opportunity for parents to also be involved in this target-setting and review process. The Senior Management Team annually reviews the progress of each individual student with the Tutor and Progress Leader, enabling additional interventions to be put in place as necessary to ensure appropriate progress is achieved. This work is well supported by the services of school counsellors and the Pastoral Support Team, all of whom play an important role in helping students deal with any issues they may have which hinder learning.

Where one student acts in a way that prevents the learning of others, sanctions such as detentions or isolation will be imposed to remedy the situation or prevent it from occurring again. We run our own on-site 'Alternative Provision' centre which caters for students who need additional support and flexibility to achieve. We ask for the support of parents and carers in maintaining an environment and atmosphere in which high standards of work and regard for others may be achieved.

Uniform

Our uniform policy reflects our values and reinforces our vision of high expectations, academic achievement and opportunity. All students in Key Stage 3 and Key Stage 4 are expected to wear the Matravers School Uniform. From September 2015, a new uniform has been introduced consisting of a Blazer and Tie. Key Stage 5 students are expected to wear 'smart office wear' which is defined in our Dress Code for students.

Our school uniform helps to identify our students as members of our school community and promotes a strong, cohesive school identity which supports high standards and expectations in all areas of school life. School uniform promotes harmony between different groups represented in the school, and it enhances security.

Smartness and high standards of appearance are expected at all times.
